RUBIKS TECHNOLOGY

CHANGE 1

# Missed calls can now be billed.

MISSED CALL · 0:21

CHARGED

SINCE OCT 1

20+ seconds, business hours

On Local Services Ads, a call that rings out can now count as a lead you pay for.

A missed call used to cost you the client. Now it can cost the lead fee too.

RUBIKS TECHNOLOGY

DO THIS

# Only run ads when someone can answer.

**AD HOURS = PHONE HOURS**

**Ads on: 8:00 AM – 6:00 PM**

**Phones answered: 8:00 AM – 6:00 PM**

Match your ad schedule to the hours you really pick up. Add a backup for lunch.

RUBIKS TECHNOLOGY

CHANGE 2

# The lawyer's face is gone from the ad.

## FEATURED LAWYER: REMOVED

The ad now shows the firm, not one lawyer.
Reviews and photos carry the trust.

RUBIKS TECHNOLOGY

CHANGE 3

# Your ads moved to a new dashboard.

## LOCAL SERVICES ADS → GOOGLE ADS

~~Old dashboard~~

**Google Ads**

Weekly budgets become daily averages.
Download your old reports before you switch.

RUBIKS TECHNOLOGY

? ASK YOUR AGENCY

# 3 questions for the person running ads.

1. How many calls did we miss last month?
2. Do our ad hours match our phone hours?
3. Did you save our old reports?

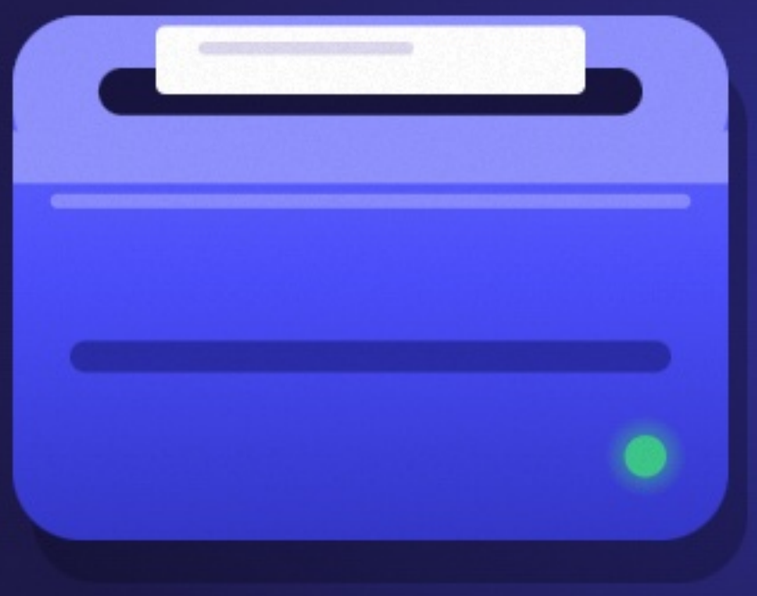

If they can’t answer in a minute, that’s your answer.
