RUBIKS TECHNOLOGY

AI is in your firm. Rules aren't.

A one-page policy closes the gap.

RUBIKS TECHNOLOGY

⚠ THE GAP

7 in 10 small firms use AI. More than half have no written rules.

7 in 10

More than half: nothing in writing.

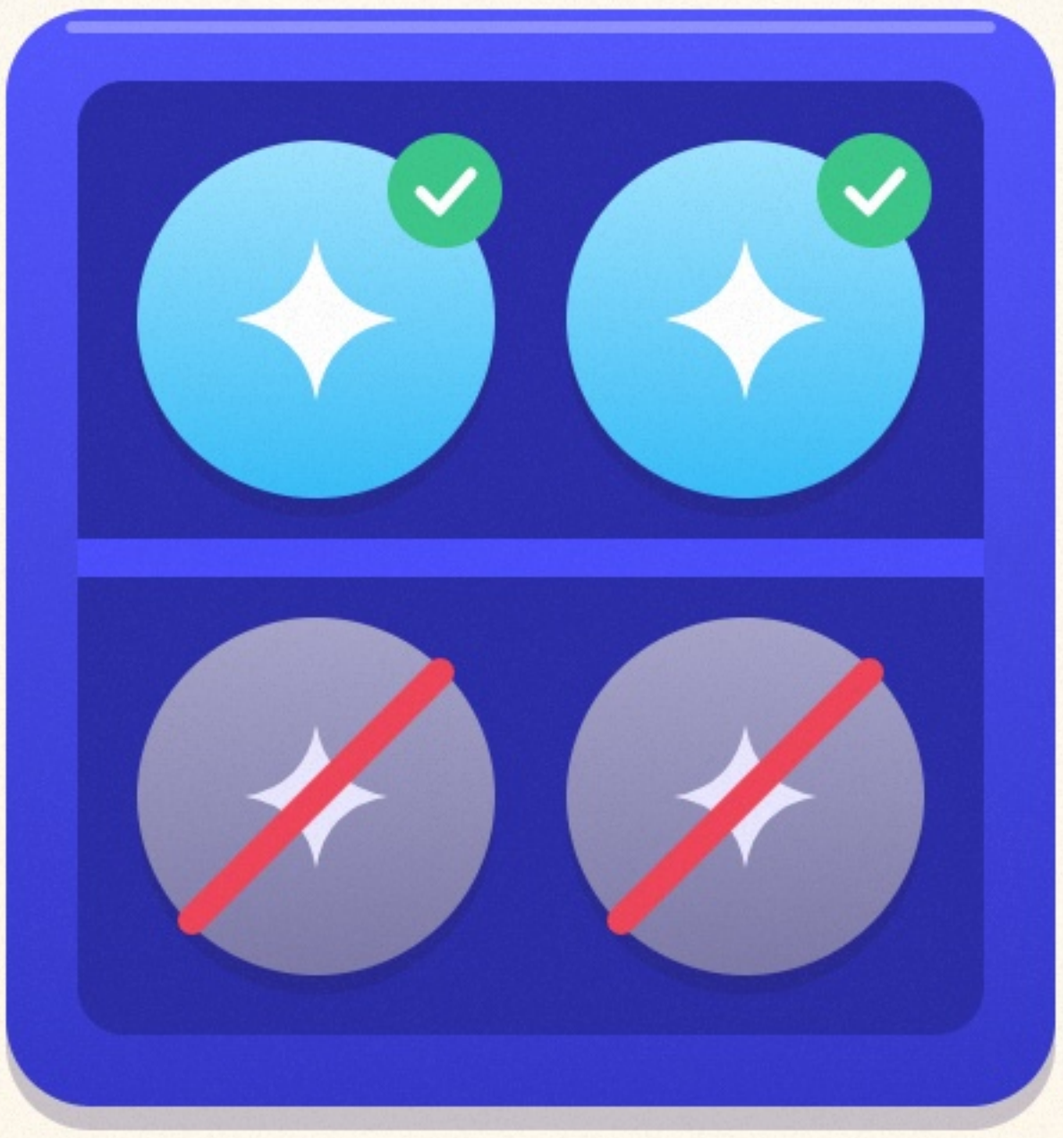

📅 **One state's AI law for lawyers starts Jan 1**

From a 2026 report on solo and small law firms.

RUBIKS
TECHNOLOGY

RULE 1

Name the tools you allow.

Approved:

Not approved:

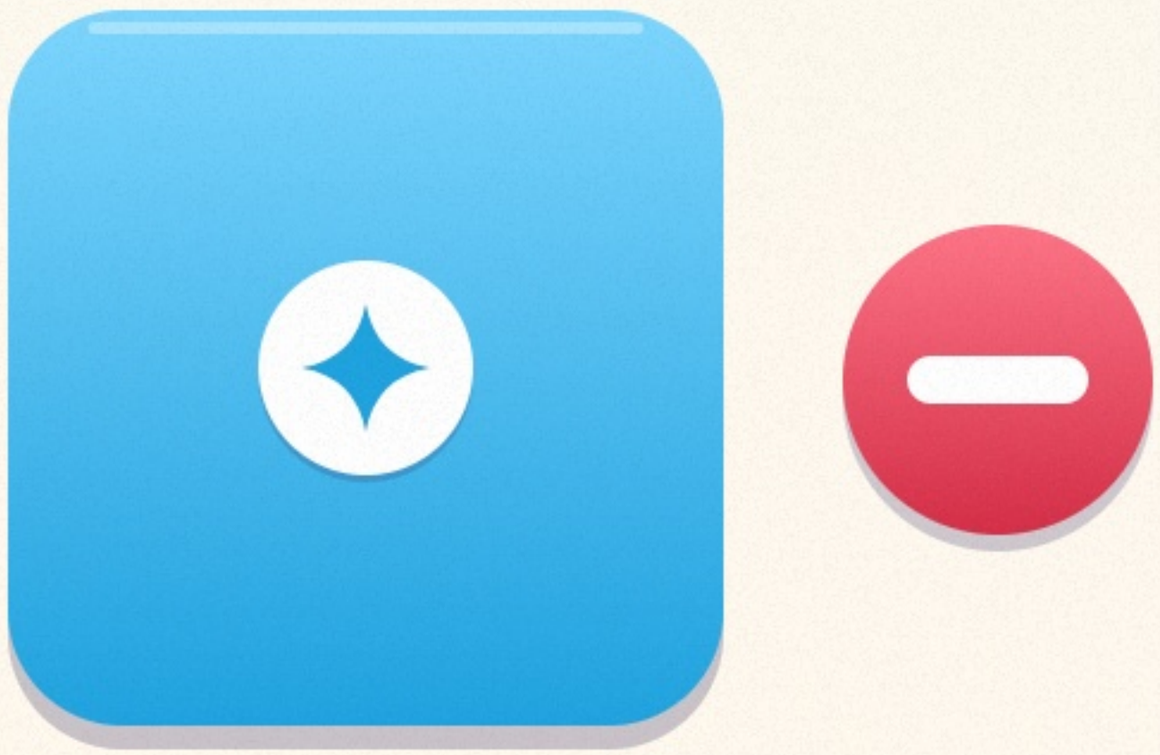

Write the names down

If a tool isn’t on the list, it isn’t used for client work.

RUBIKS
TECHNOLOGY

RULE 2

No client names in public AI tools.

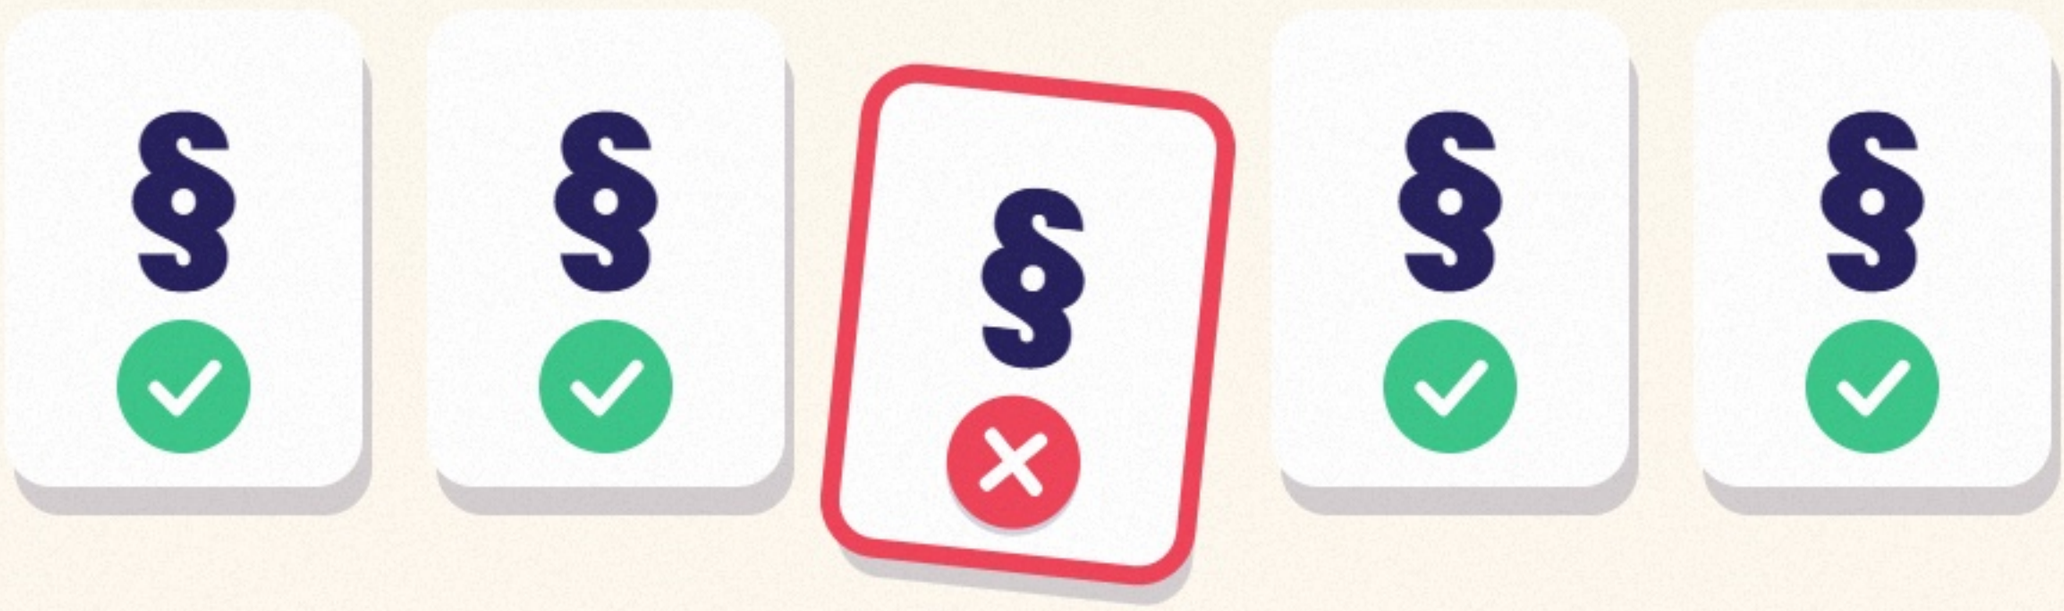

Public chat tools may keep what you paste.
Leave the client out of it.

RUBIKS
TECHNOLOGY

RULE 3

A person checks every citation.

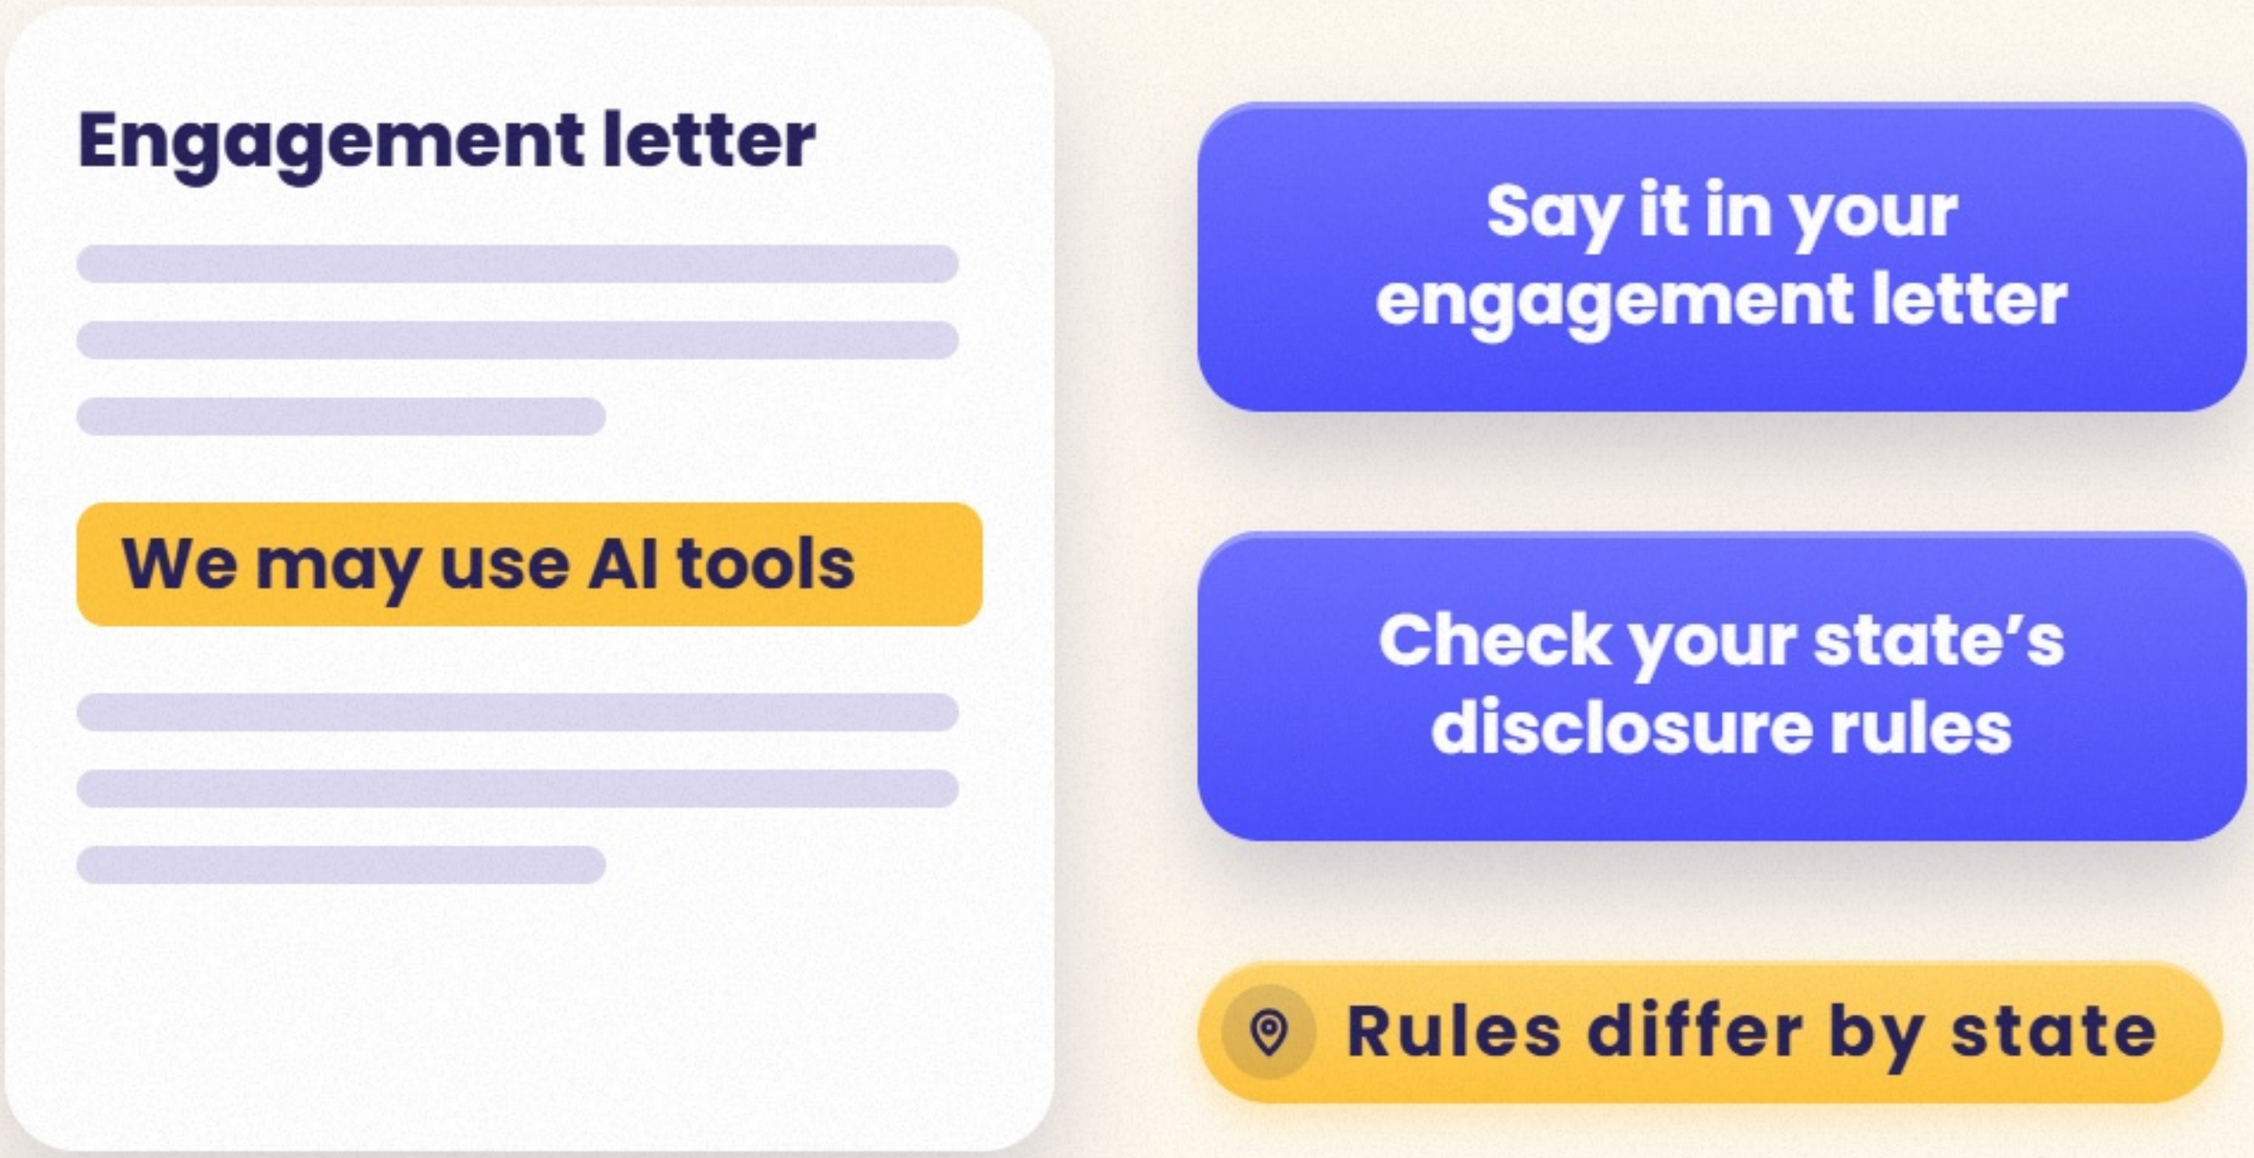

× Doesn't exist

Courts keep sanctioning this

AI writes fake cases that look real. Your name is on the filing.

RULE 4

Tell clients when it matters.

A short, honest line now beats an awkward conversation later.
