RUBIKS TECHNOLOGY

This post would have been illegal in 1976.

A short history of lawyer advertising.

1977 THE RULING

The Supreme Court says lawyers can advertise.

Before that, a single newspaper ad could get you disciplined.

THE PHONE BOOK YEARS

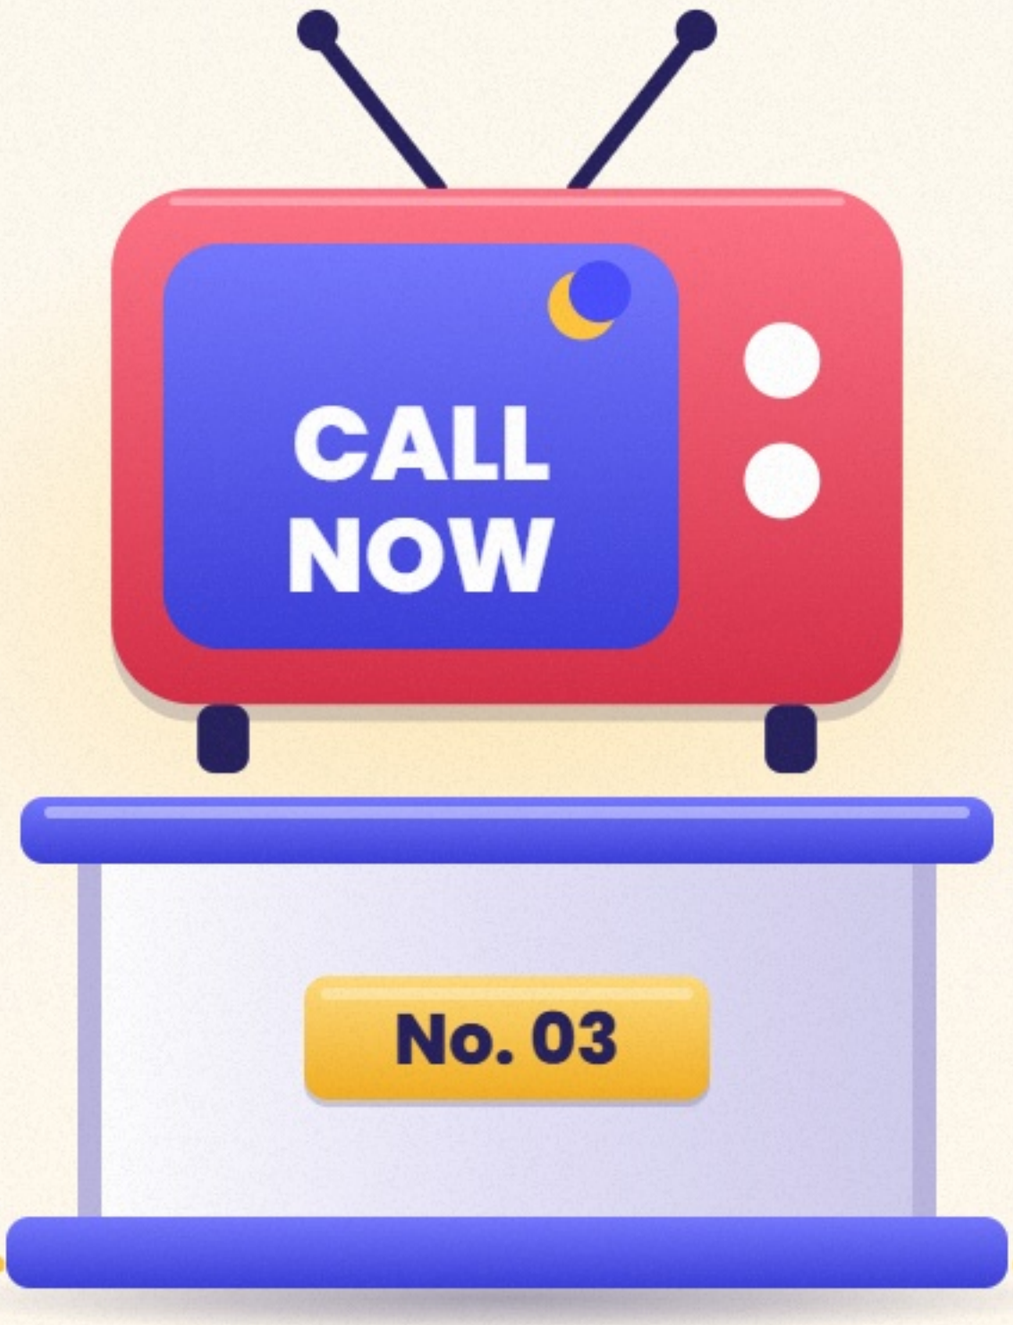

The biggest ad on the page wins.

Firms fought over the first letter of the alphabet.

LATE-NIGHT TV

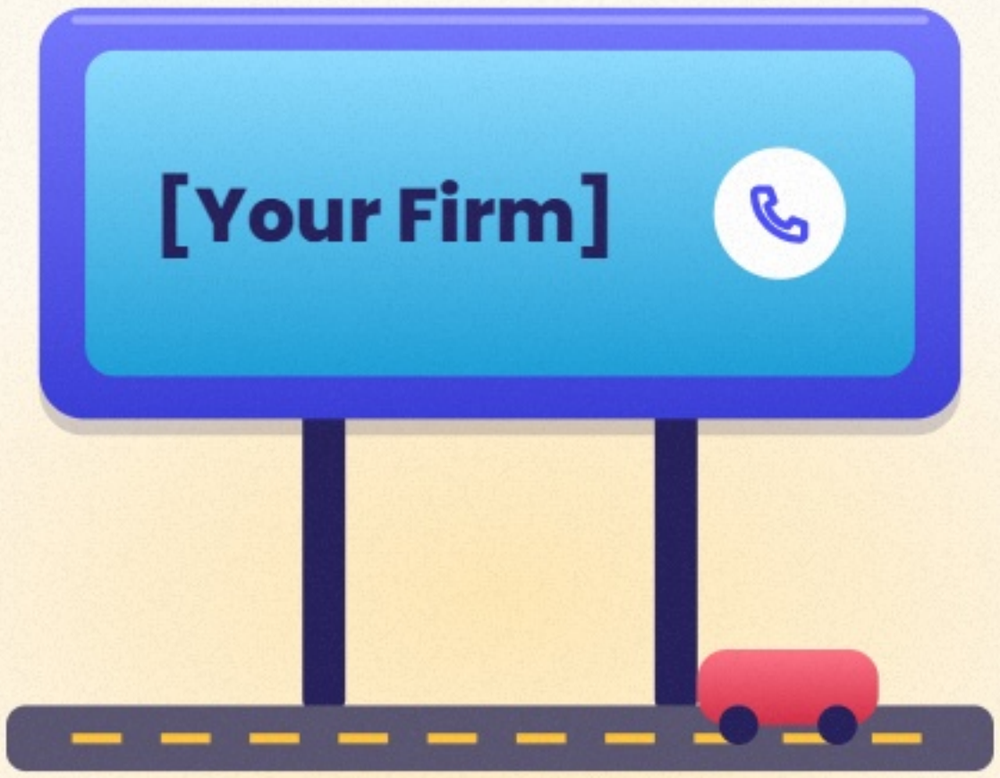

Jingles, slogans and 1-800 numbers.

Everybody could hum at least one.

BILLBOARDS

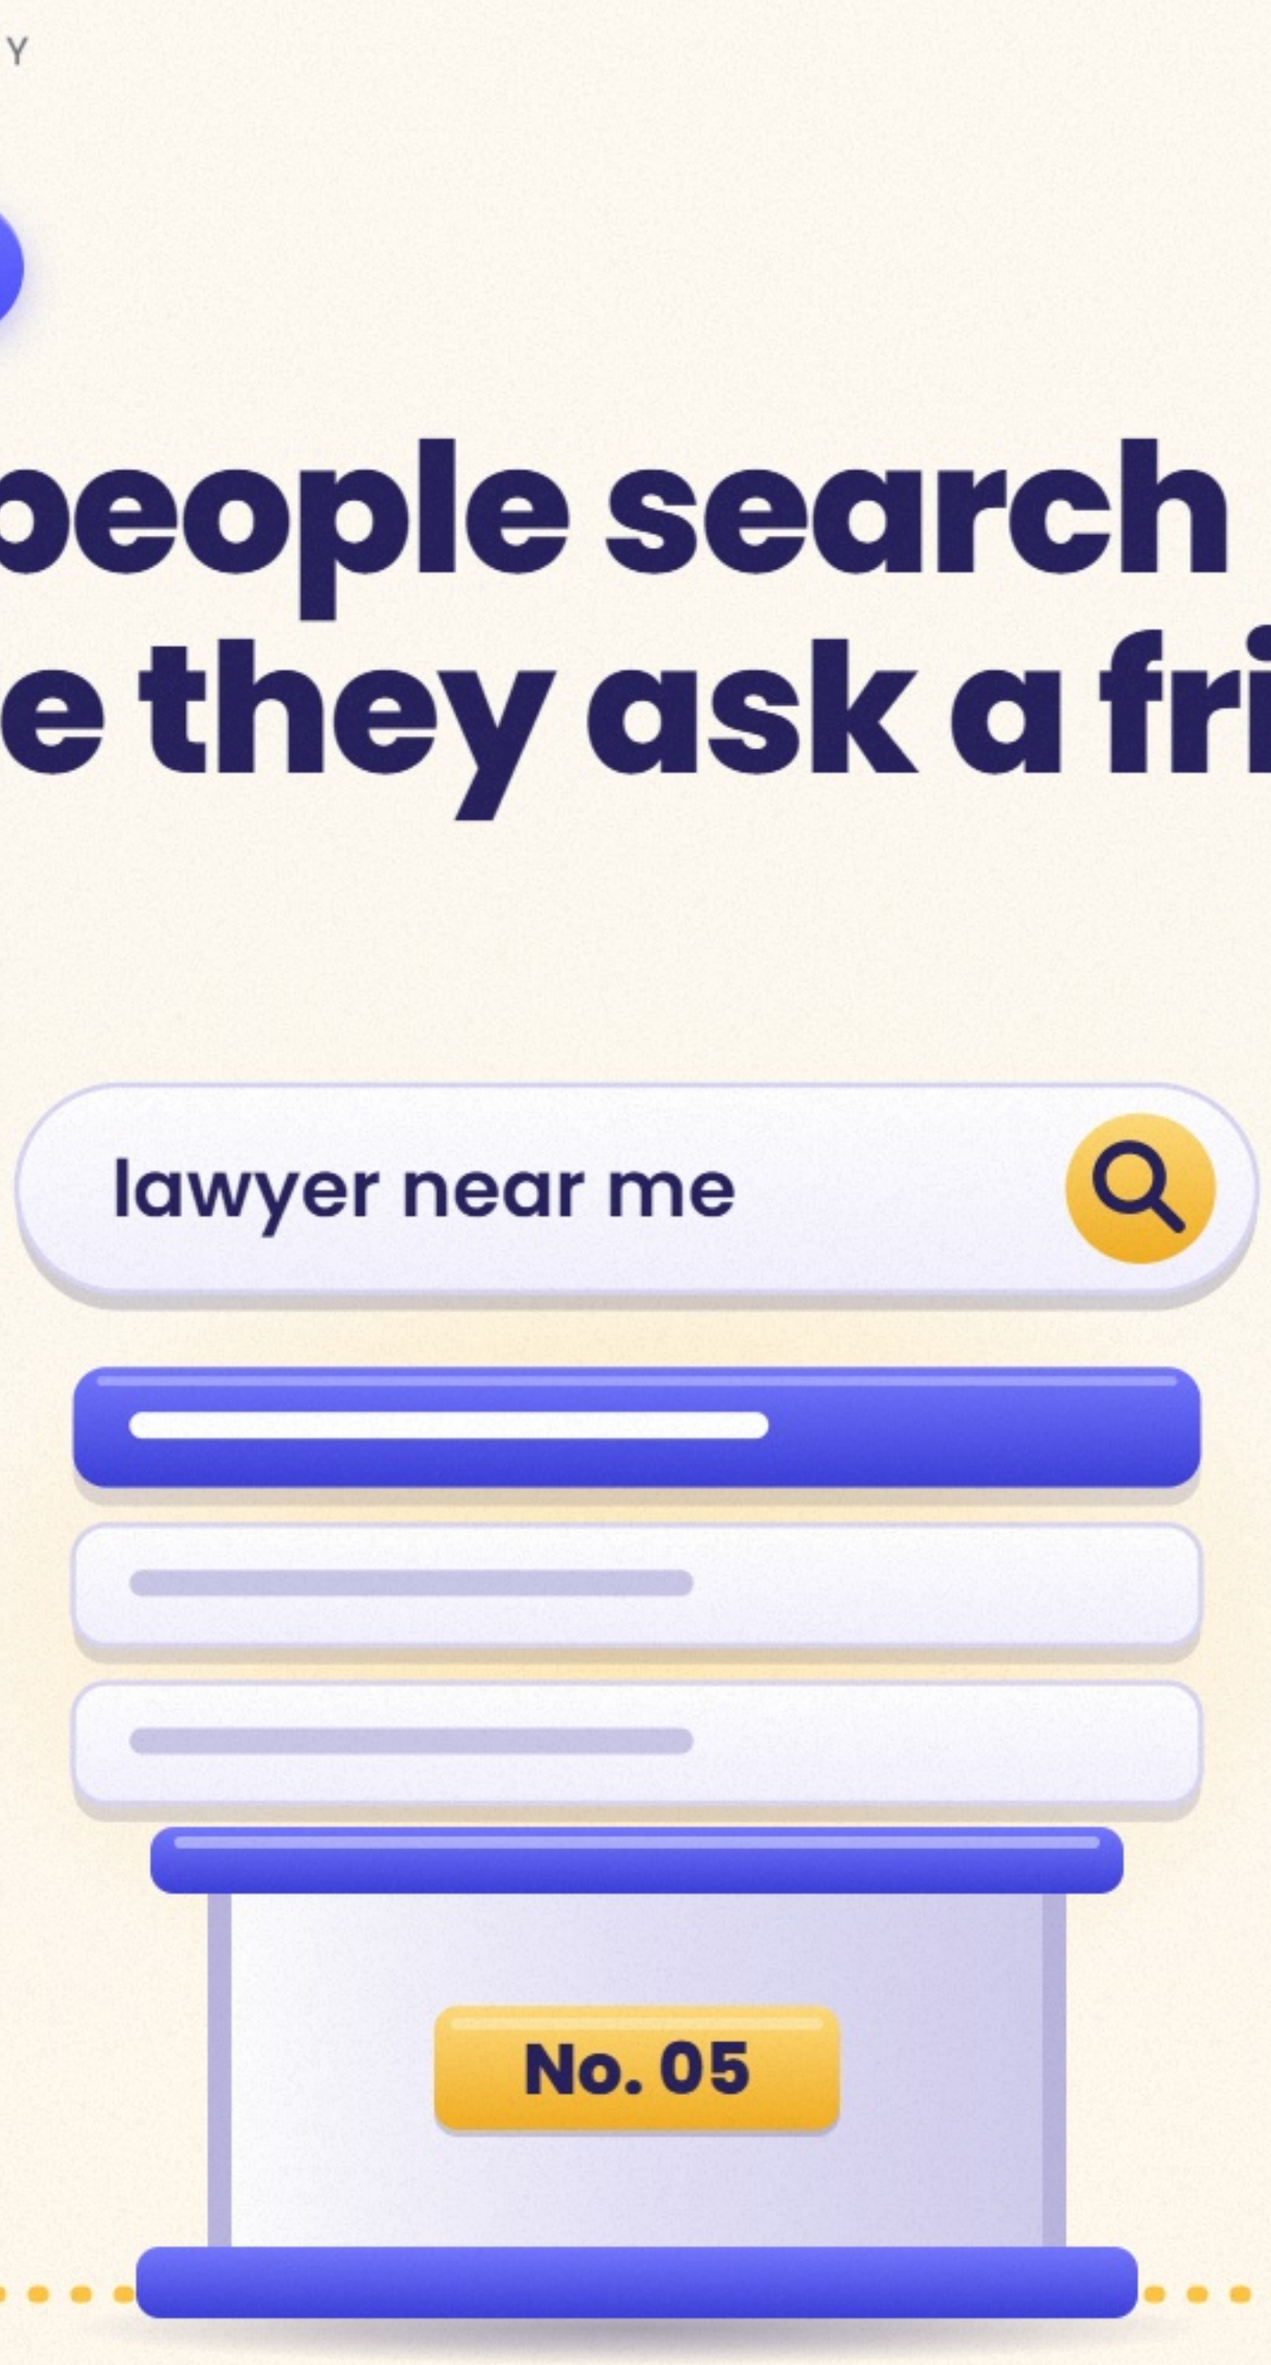

The highway becomes the waiting room.

The same face, every mile.

GOOGLE

Now people search before they ask a friend.

Being found became the whole game.

RUBIKS
TECHNOLOGY

REVIEWS

Strangers become your best salespeople.

People trust other clients more than any ad.

RUBIKS TECHNOLOGY

AI ANSWERS

Now the answer comes before the click.

The top-rated firms near you are...

No. 07

The newest channel, and the least understood.

RUBIKS
TECHNOLOGY

The channel keeps changing. The job doesn't.

Be found. Be trusted. Answer.
